1 Stay comfortably cool

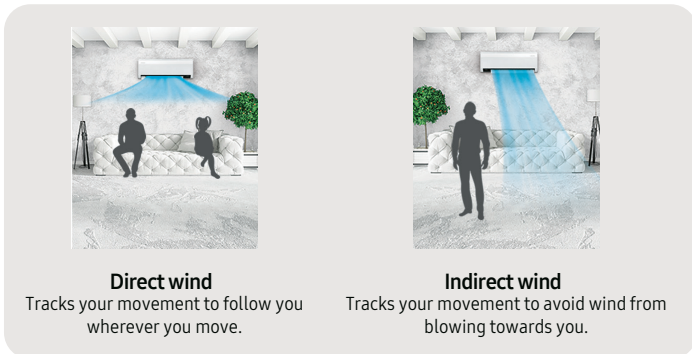

WindFree™ cools gently and disperses air through 23000 micro air holes.

2 PM1.0 Filter

Always maintain clean indoor air with PM1.0 filter.

3 Automatically cools efficiently

The user can control the direction of the wind. The motion detect sensor starts detecting 5 mins after turning on.

4 Enjoy intelligent way of living

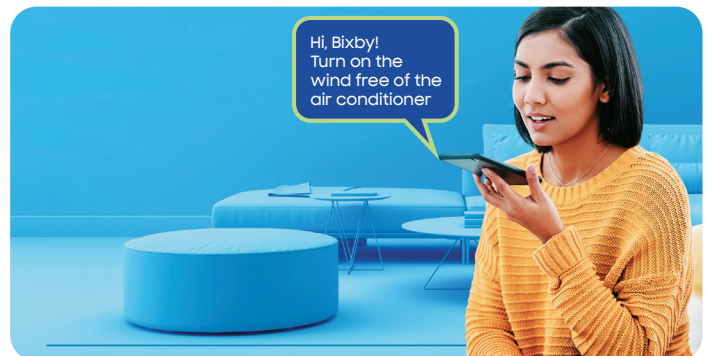

AI auto cooling feature automatically optimizes the cooling by analyzing the usage behavior.

5 Remotely control it anywhere

Using the SmartThings App* you can remotely control the air conditioner with just a touch.

6 Control anytime, anywhere

Control a wide range of functions like Wi-fi welcome cooling through Smart Things, Bixby and Alexa.

7 Clean conveniently and easily

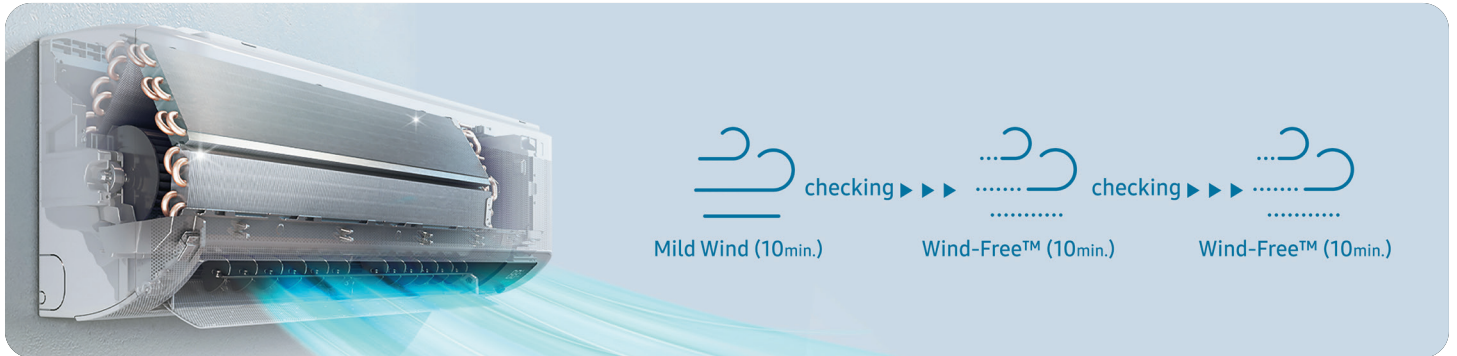

The Easy Filter+ is located outside, on the top, so it can be taken out and cleaned easily.

8 Low noise levels

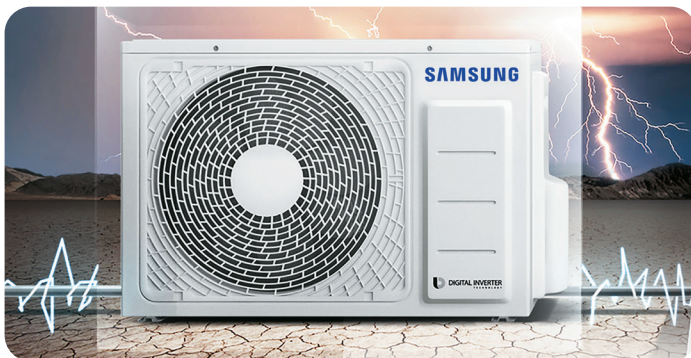

Super Silent Samsung works smoothly as its stable operation produces less noise.

9 Simply cleans itself

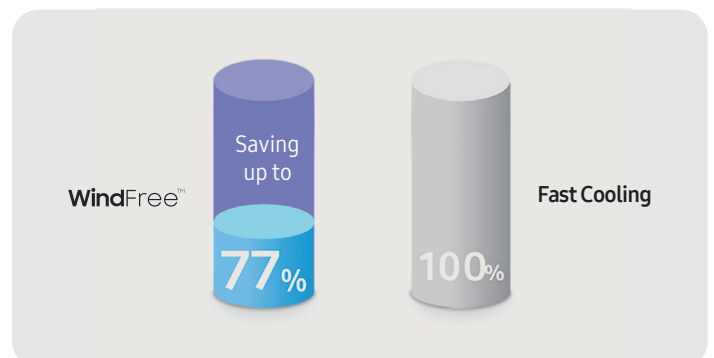

The Auto Clean function automatically dries the Heat Exchanger using a 3-step process. It removes moisture by blowing air for between 10 to 30 minutes.

10 Stable and durable in harsh conditions

Triple Protector Plus technology prevents damage from power surges.

11 Reduces energy by 77%^

The compressor fan operate efficiently to maintain desired temperature, using minimum energy.

^Tested on the AR12TY5AAWK model, based on the power consumption of Fast cooling mode vs WindFree™ cooling mode.
