Images simulated.

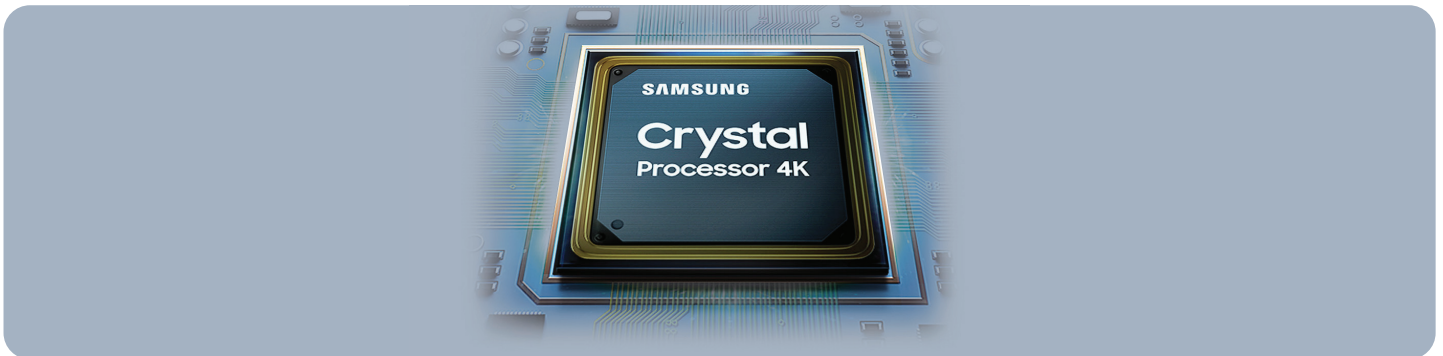

*Samsung is ranked No.1 TV brand for 14 years. Source –Omdia, Jan-2020. Ranking in terms of shipments. Results are not an endorsement of Samsung. Any reliance on these results is at the third-party's own risk.

1 A perfect picture that enhances every detail

Crystal 4K UHD

With 4 times more pixels than FHD, you get sharp and crisp images that capture every detail.

Unbeatable Crystal Processor 4K

A chip that orchestrates colour, optimizes high contrast ratio and upscales the content to 4K resolution.

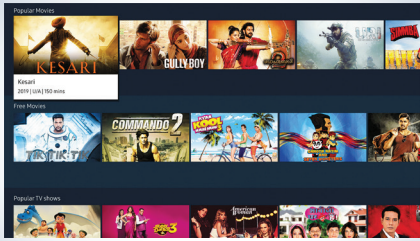

2 The right colour tone for every scene

Dual LED

Backlighting technology adjusts the colour tone to suit the mood of your content so you can watch it the way it was meant to be seen.

3 Watch more. Search less.

Content Guide

Enjoy a curated list of content across streaming platforms that's personalized to you.

Multiple Voice Assistant

Quickly access your favourite content, get answers or control your TV by simply using your voice.

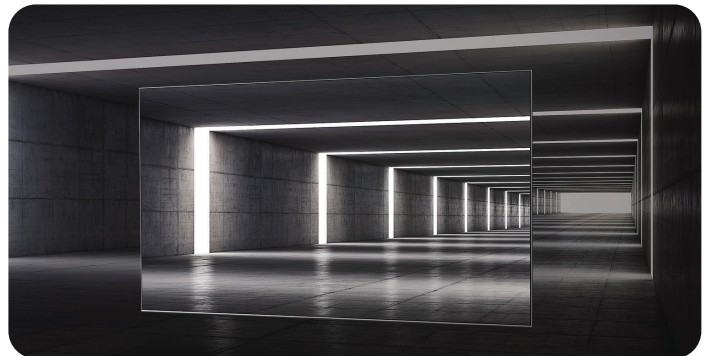

4 Get gaming faster

Game Enhancer

Automatically optimizes your screen to give you smooth gaming that's free of lag, blur and judder.

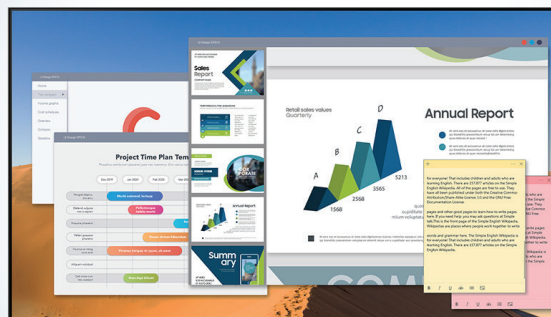

5 See the picture, not the TV

3 Side Bezel-less Design

There's more to see when there's less to distract you.

6 Your new home office

Personal Computer Mode

Make your TV your new operations hub at home. With Remote Access you can tap into your office PC to access files and work on documents or use various Office 365 tools on your Smart TV - all from the comfort of your couch.
