With an intention to be more than just a home-maker, I came up with the idea of starting my own beauty salon. So in early 2000, I made my dream a reality by setting up my first salon in Chennai. It took me only a while to understand the market potential and the ever increasing demand of professional grooming.

In 2004, my husband & Co-founder, C K Kumaravel joined me and ever since, the Naturals team has been able to meet every challenge in this competitive industry.
