# Sustainability Starts with You

Choosing an HP AI device means reducing your carbon footprint, for a smarter way to work, play, and for a sustainable future.

By 2030, we aim for:

**50%** reduction of greenhouse gas emissions in our value chain.

**75%** circularity for products and packaging.

Counteracting deforestation for non-HP paper used in our products and print services.

For nine consecutive years, HP has ranked among the world's most sustainable companies in Corporate Knights' Global 100.

# HP Planet Partners

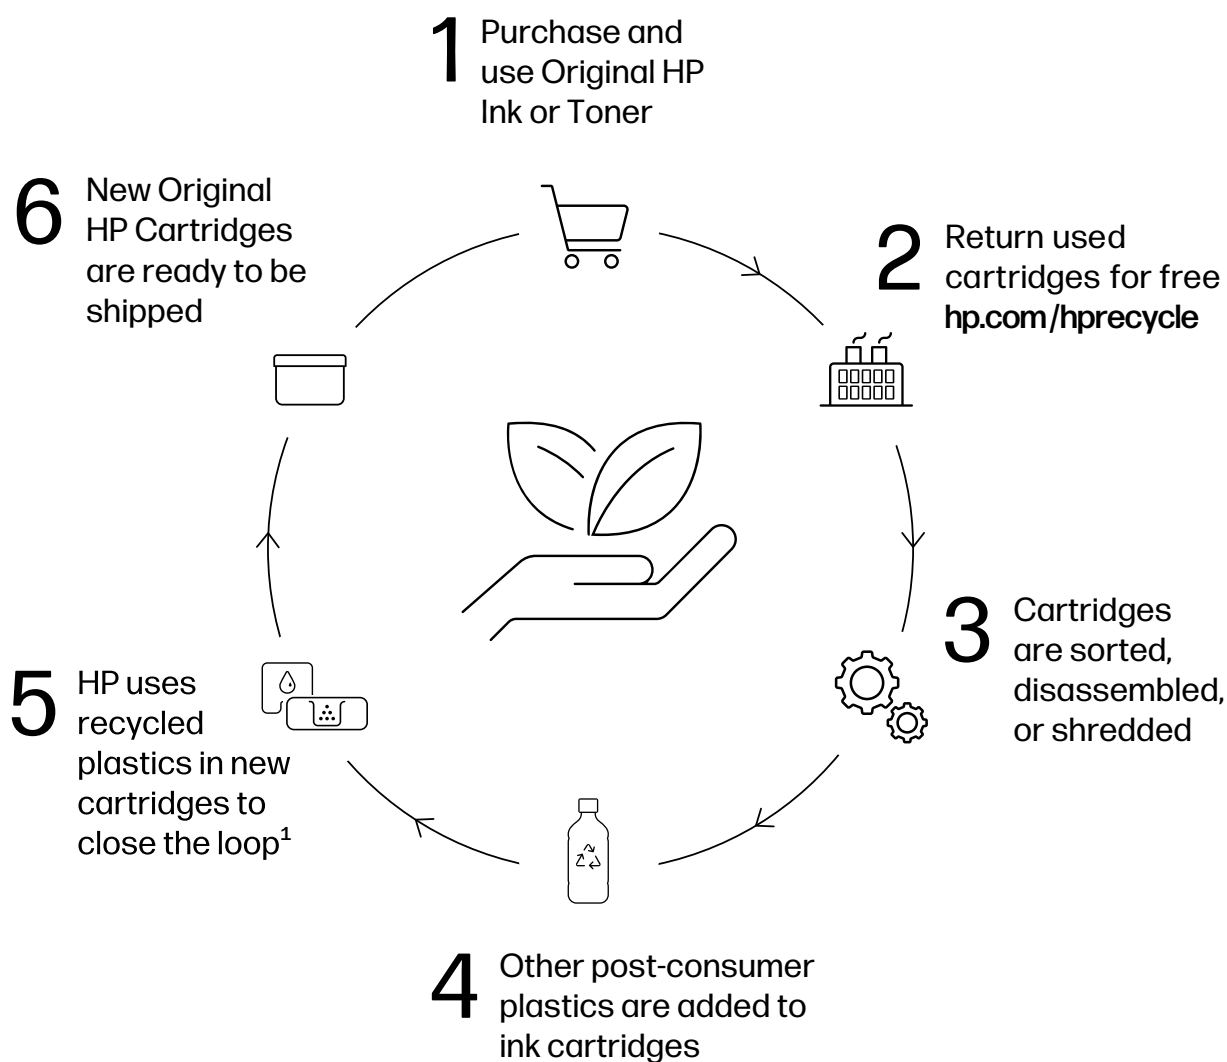

## Join us in protecting the planet

When you return old devices to HP, you're helping to cut waste and protect the planet. HP Planet Partners recycle materials like magnesium, glass, and plastic to cut energy and resource use, while promoting certified refurbished devices to further reduce waste and support a circular economy.

## Recycle

We encourage you to recycle your original HP cartridges to contribute to a more circular, sustainable system.

<sup>1</sup>88% of Original HP Ink Cartridges contain between 5-75% recycled content. Does not include ink bottles and other products not listed. See [hp.com/InkRecycledContent](https://hp.com/InkRecycledContent) for list.

# Built for a Better Tomorrow

Every HP PC is designed with you in mind. And the planet. Our high-performance AI-enhanced devices are created with material circularity, recycling, and energy efficiency in mind at every step. Here are some statistics of the recycled plastics we have used in our products:

# Smarter Printing, Smaller Footprint.

Every time you print a page it helps HP protect, restore and manage forests. All HP branded paper is responsibly sourced, sustainably managed or derived from recycled sources. We invest heavily in conservation to grow forest resources too. It's printing with a positive impact.

# Work Doesn't Stop. Neither Should Your Printer.

## HP Smart Tank Series

### Easiest to use Tank Printer

Get hassle free printing experience with less business downtime.

### Best everyday quality print

Get crisp documents and vibrant, true-to-life photos with every print.

### Best Value

Get two years of ink (up to 8,000 black or colour pages) out of the box that you can print for your needs.<sup>1</sup>

<sup>1</sup>Ink Print Volume - Print up to 8,000 pages of colour or 6,000 pages of black with Original HP ink: Black & Color (Blue/Magenta/Yellow) Print Level Test Avg. per bottle Results are based on HP methodology, and continuous printing of test pages according to ISO/IEC 24712 is not based on the test process according to ISO/IEC 24711. An additional bottle of black ink is required to print 8,000 pages of color test pages. Actual results may vary depending on the content of the printed page and other factors. Some inks from the ink bottles that came with the printer are intended to enable the printer. For more information about ink refilling and the number of pages printed, see [www.hp.com/go/learnaboutsupplies](http://www.hp.com/go/learnaboutsupplies).
